Policy #:	
Policy:	Freedom of Information Law Request Policy
Effective Date:	October 30, 2019
Authority:	Public Officers Law Article 6
Cross-reference:	

PURPOSE: The purpose of this policy is to ensure access to public and non-protected documents of the Corning Joint Fire District (hereinafter “the District”) in accordance with the New York State Freedom of Information Law.

A. Designation of Records Access Officer

The District Secretary shall be the records access officer. At his or her direction or in his or her absence, the Attorney for the district shall be deemed the records access officer. The duties of the records access officer shall be as published in 21 NYCRR part 1401.2.

B. Manner of Requesting and Viewing Records

All requests for records must be made in writing to the appropriate Records Access Officer of the District. An email request shall be deemed to be a written request

Records viewable for public inspection shall be made available at the office of the Secretary of the Fire District at Corning Town Hall, 20 South Maple Street, Corning, NY 14830 during traditional business hours by appointment, only. This does not require that all records be maintained or stored at that location, but only that they be made viewable at that location.

C. Copying Fees

The official records of the District are maintained in paper form. The fee for copies of records shall be 25-cents per photocopy for paper copies not in excess of nine inches by fourteen inches, or the actual cost of reproducing any other record in accordance with New York State Public Officers Law § 87 (c), unless a different fee is prescribed by statute.

The cost of preparing a copy of records shall not include search time or administrative costs, and no fee for such administrative task shall be charged unless at least two hours of District employee time is needed to prepare a copy of the record requested.

A person requesting documents pursuant to FOIL will be charged any fee that the District incurs as a result of scanning documents with an outside company. For media type requests, (i.e. CD / DVD/ photographs) the actual cost of the media will be charged.

D. Procedure For Processing a FOIL Request

Within five business days of the receipt of a written request for a record that is reasonably described, the Fire District shall:

- (a) make such record available to the person requesting it; or
- (b) deny such request in writing; or
- (c) furnish a written acknowledgement of the receipt of such request and a statement of the approximate date ⁹which must be reasonable under the circumstances⁰ of the request and when such request will be granted or denied.

The term “reasonably described” means that the request must be clear, concise, and easily understood. Requests that fail to reasonably describe the documents sought may be denied.

The District may certify that it does not have possession of the documents or that it cannot find the documents after making a diligent search for them.

If the District denies a request for records pursuant to FOIL, the District will apprise the requesting party of its right to appeal that determination pursuant to Section “H” of this policy and the New York Public Officers Law.

The Board of Directors customarily meets one time per month. It is the usual practice of the Board to review in detail all FOIL requests at the first regularly scheduled meeting after the request is received. Determinations as to the propriety and content of responses to FOIL requests are generally made at the next occurring regular meeting of the Board, depending on the nature and scope of the information requested. The foregoing is the general practice of the Board and is provided for informational purposes only.

If the document does not exist, the District will notify the person making the request that it does not maintain such a document.
